SKILLS

Languages: Python, C, Java, HTML, CSS, C++

Libraries/Frameworks: Flask, OpenCV, NumPy, Pillow, scikit-learn

Tools/Platforms: Tableau, PowerBI, N8N, Docker, MS SQL Server

Soft Skills: Problem-Solving, Creativity, Adaptability

PROJECTS

- Simple Image Filter | Python, Tkinter, OpenCV, NumPy, Pillow

Dec'25

 - Built a desktop-based image editing application providing users with an intuitive platform for loading, editing, previewing, and saving images through multiple image-processing operations..
 - Implemented image-processing functionality including grayscale, sepia, sharpening, edge detection, blur, brightness adjustment, zoom, undo/reset, and image-saving features using OpenCV and NumPy, while integrating Pillow for image conversion and GUI rendering.
 - Applied practical knowledge of Python GUI development, image-processing techniques, state management, and multi-library integration through an interactive application following a modular/MVC-style structure.
- Rainwater Harvesting Website | HTML5, CSS3, AOS Library

Nov' 24

 - Created an informative and responsive web platform to promote rainwater harvesting and educate users about sustainable water conservation, its benefits, and practical harvesting methods..
 - Designed and developed a multi-page website using HTML5 and CSS3, implementing structured navigation, dedicated sections for harvesting solutions, benefits, and contact information, along with scroll-based animations using the AOS library.
 - Applied practical knowledge of responsive web development, webpage structuring, CSS-based UI design, multi-page navigation, visual content integration, and third-party library integration to enhance user experience.
- Wildlife of India | HTML, CSS

Nov' 24

 - Crafted an informative multi-page website showcasing India's diverse wildlife and providing users with accessible information about different species and their habitats.
 - Structured the website using HTML5 and CSS3, creating organized pages for wildlife categories and individual animal profiles while integrating images, navigation, responsive layouts, and interactive visual styling.
 - Demonstrated practical skills in multi-page web development, semantic HTML structuring, CSS-based UI design, responsive layouts, navigation management, and organizing image-rich content for an engaging user experience.

CERTIFICATATION

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional | [Oracle](#)
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional | [Oracle](#)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | [Oracle](#)

EDUCATION

- Lovely Professional University

Bachelor of Technology

Computer Science and Engineering

Phagwara, Punjab

Aug' 24 – Present
- Maharishi International Residential School

Intermediate

PCM, Percentage: 80.2%

Chennai, Tamil Nadu

Mar' 23 – May' 24
- PGP International School

Senior Secondary

PCM, Percentage: 80.8%

Namakkal, Tamil Nadu
